

List of Items to Update if Scope of Practice is Changed

If the SNMMI-TS Scope of Practice is updated/revised, the following documents/areas should be reviewed to determine if they should also be updated to reflect the Scope of Practice change. In addition, newly created documents that are created should reflect the current Scope of Practice.

1. Clinical Performance Standards
2. SNMMI, Inc. Definition of a Nuclear Medicine Technologist
 - a. Originally approved June 3, 1994
 - b. Revision submitted for approval January 27, 2012
3. Bureau of Labor Statistics – NMT Definition and Background
4. American Medical Association – NMT Definition
5. Allied Health Education Centers Health Careers Catalog
6. Explore Health Careers.org
7. Inform all internal Department Directors for updating
8. Inform the following SNMMI-TS committee chairs:
 - a. Publications Committee
 - b. CE Committee
 - c. Clinical Performance Standards
 - d. Advocacy
