

You Belong in SNMMI!

As a student working to join the field of nuclear medicine after graduation, you should know about an established community of nuclear medicine professionals waiting to welcome you at The Society of Nuclear Medicine and Molecular Imaging (SNMMI)!

Members are provided with resources and connections that help careers flourish in the nuclear medicine and molecular imaging community.

NETWORKING

Technologist student members get **FREE** registration to the SNMMI Annual Meeting

Search and network with current professionals through SNMMI's online member directory (**EXCLUSIVE**)

Local chapters offer networking, education and opportunities to make a difference at the grassroots level

SCHOLARSHIPS

Eligibility to apply for various SNMMI scholarships, awards, and grants (**Only available to SNMMI-TS members**)

Get involved with SNMMI's 12 specialty Councils and Centers of Excellence through a 2-year internship program

Apply to the SNMMI-TS Leadership Academy as a student representative

CONTINUING EDUCATION

Members can even earn up to **24 free CEs** a year through free Journal exams and quarterly, member-exclusive webinars

SNMMI's credit history tracker is **FREE** for members! Technologist can also self-report activities from other providers to help maintain a comprehensive transcript

FREE access to VOICE Program and credit sharing with the NMTCB and ARRT

Job Hunting? Post your resume and search job openings on SNMMI's Career Center **FOR FREE!**

**Get a head start to a successful career as a nuclear medicine technologist—
Join SNMMI as a student member!**
